EXPERIENCE

VERIZON | SENIOR MEMBER TECHNICAL STAFF

Jan 2012 | Lima, PERU

- Highest engineering position in LATAM, Head of Architecture Squad, Lima.
- Award 2016, For proactively conceive a new Gamification Tool to engage squad members to improve our products. Your great visibility has facilitated developers to quickly fix issues found during the automated tests executions that run every day through DevOps pipeline (US-India-Peru).
- Award 2016, As a follow up to the April 7th Operations Review meeting across Verizon Enterprise Solutions, for your performance excellence that keeps Verizon an industry leader.
- Award 2015, For your contribution to the success of the first Waghay Cup competition (DEVOPS), Recognizing You! for providing outstanding personal and team commitment to Verizon.
- Award 2015, Recognition of your response to an incredible 48 hour challenge (Hackathon - Winner). This feat demonstrated the innovation and collaboration which makes teams and larger organizations successful.

NEXOLINK | TECHNICAL LEADER, ARCHITECT

Jan 2010 – Dec 2011 | Lima, PERU

- I worked on a trade application called Currencies Direct. I learned about the considerations that you need to have when working with different currencies and dates representations in a financial application. Also I worked on creating a payment process application called E2EFX (<http://www.e2efx.com/>).

NEW HORIZONS LEARNING CENTER | TRAINER & CONSULTANT

Jan 2007 – Jan 2012 | Lima, PERU

- Researcher, Trainer, Speaker and Consultant, We got the Award of the best New Horizons LATAM and Caribbean Training Center. Also trainer of many of the best Technical Institutes in Peru like CIBERTEC, BS Grupo as trainer.
